

## QUALITY CHARTER

Considering the public service mission of Lawyers and their vital role in the socio-economic development of every nation and, beyond that, of humanity as a whole;

Considering that the fulfilment of this public service mission requires a rigorous approach and effective methods, recognized as the best working norms and standards;

Further considering that, in order to properly fulfil this mission, it is necessary to have in-depth knowledge of human and economic activities' regulation, as the lawyer's main tool;

Aware that the profession of Lawyer is very old and owes its survival only to the observance of strong ethical and deontological rules, at the source of the continued confidence continually placed in it;

Aware that taking care of the interests of the people and entities who honor us with their trust is based on a strong commitment and the observance of all these rules:

We, CLKA, both collectively and individually, on behalf of all our members and participants in our missions, all offices combined, undertake to:

**I. Scrupulously respect the ethical and deontological rules of the profession, including:**

<b>Confidentiality and professional secrecy</b>	<b>Independence and objectivity</b>	<b>Loyalty and Transparency</b>
---	-------------------------------------	---------------------------------

**II. Consistently apply the best working norms and standards, including:**

<b>A working procedure involving several levels of control</b>	<b>Regular reporting and communication with clients</b>	<b>Reactivity that meets the need of business speed</b>
--	---	---

**III. Ensure that our members are competent and keep their skills up to date.**

**IV. Supervise and manage our teams in view of providing the best quality service and creating clear added value for our clients.**

This charter constitutes a commitment of honor freely entered into by us and to which each member of CLKA adheres by joining our Law Firm.
